Invitation

It gives me great pleasure to invite you to the 23rd IFHE World Congress 2016. Whether you are a passionate home economics professional or an interested allied professional, we invite you to participate in the global conversation that is IFHE World Congress.

As indicated by our theme for 2016 - *Hope and Happiness: The role of home economics in the pursuit of hope and happiness for individuals and communities now and in the future* - we as home economists recognise that our profession is a key component of hope and happiness - critical for the wellbeing of individuals, families and communities. We also seek creative and innovative ways to communicate this message widely and effectively.

As the only worldwide organisation concerned with home economics and consumer studies, it is imperative that IFHE seizes every opportunity to speak in full voice. World Congress gives us that opportunity. Since 1908, professionals, scholars and educators in home economics and allied fields have come together every four years to learn, share and inspire. Our consultative status with the United Nations and the Council of Europe gives us so much potential to extend congress outcomes and to see our resolutions put into action.

We are pleased and excited to be staging IFHE World Congress in the Asian region for the first time since 2004. Daejeon, Korea, has built a reputation for the hosting of global conferences and is a hub for technology, education, research and development. Our host organisation, Korean Home Economics Association, is preparing for a wonderful event.

We look forward to building a conversation around home economics in the lead-up to IFHE World Congress 2016, and to meeting you in Daejeon.

Carol Warren

IFHE President 2012 - 2016

Invitation

Welcome to Daejeon, Korea for IFHE 2016 World Congress!!

As the Chairperson of the IFHE 2016 Organizing Committee, it is an honor to invite you to the XXIII IFHE World Congress 2016 which will take place from July 31 to August 6, 2016 in Daejeon, Korea. Under the theme of "Hope & Happiness," the XXIII IFHE World Congress 2016 is organizing a wide range of programs focusing on the role of Home Economics in the pursuit of hope and happiness for individuals and communities now and in the future.

The IFHE is the only worldwide organization concerned with Home Economics. It aims to provide opportunities through practice, research, and professional sharing that lead to improving the quality of everyday life for individuals, families, and households worldwide. Also, the IFHE focuses on promoting the recognition of Home Economics in the everyday lives of individuals and families. With its efforts, the IFHE holds the IFHE World Congress every four years and approximately 1,200 Home Economics professionals, including IFHE members, are expected to participate in keynote sessions at the XXIII IFHE World Congress 2016.

We believe the Congress will be a highly rewarding educational and networking experience for all participants. Furthermore, the XXIII IFHE World Congress 2016 will offer the most enjoyable and exciting opportunities for all participants as we plan an array of social programs filled with the unique and fascinating culture and history of Korea.

Types of presentations

Individual paper: A 15-20 minute presentation (including time for questions) within a concurrent session block of 90 minutes. Although independent of other presentations, individual papers will be programmed according to the thematic stream and key words nominated by the author(s).

Note: Full paper refereeing is available to all presenters (see Submission deadlines). Papers should be 4000 - 6000 words in length and

include the title, with no identification of the author/s throughout the uploaded document.

Acceptance of papers for full presentation makes them eligible for publication in the International Journal of Home Economics, subject to the discretion of the journal editor. Best paper awards will be presented to those peer reviewed papers with the best ranks provided by experienced reviewers.

Proposals should be submitted by the session chair, with co-presenters listed as 'other authors'. Time should be allowed for questions, the drafting of conclusions and/or audience participation.

International collaboration: This is a supportive, facilitated session for those involved in research who may be seeking international collaboration for their projects. Each presentation will be strictly limited to five minutes as researched share their proposals, progress and future requirements for the continuation of their projects. At the end of the 90-minute session, time will be allocated

for the sharing of information, ideas, business cards and general networking. Abstracts will outline the research projects and pinpoint the potential benefits of international collaboration to the particular project.

Exhibit: IFHE invites exhibits that display and showcase the field of home economics, including textiles and culinary arts. All proposed textile exhibits are to relate to the specific theme of 'Hope and Happiness'.

The Textile Challenge will consist of country maps, made with textiles from each state/province/region of that country. Abstracts for textiles exhibits should be set out with the following subheadings: Materials; Techniques; Inspiration. Each textiles abstract should be accompanied by a photograph or preliminary sketch of the exhibit. Only one map per country may be submitted, but any number of people may work on it.
